

K-LOVE radio provides wholesome, values oriented programming in my area and I as well as my family and friends would miss the programming if it were not available. If K-LOVE were displaced by an LPFM broadcaster providing other programming we would not be able to receive the values oriented programming that we have come to know and love. We feel safe allowing the whole family to listen to anything on K-LOVE. If a LPFM broadcaster were allowed to move in, who knows what type of material would be broadcast? K-LOVE provides a service to the public like no other station in our area. They provide wholesome, value centered music and educational programming that no other station in the area provides. I strongly urge you to take whatever measures necessary to insure that K-LOVE is allowed to continue to broadcast on the current FM translators. You'll be glad you did!

God Bless,

John
